

EXCLUSIVE ONLINE TRAINING

GENERATIONS in the WORKPLACE

This is the first time in history that there are **five generations** side-by-side in the workplace.

This two-hour **interactive online Zoom workshop** explores how to **celebrate that diversity** and **navigate the challenges** that come along with it.

Understanding the **differences and values** of each generation can give individuals and organizations a leg up on better management, **capitalizing on strengths and building cohesive teams**. Special attention will be given to how to **recruit and retain** Generation Z - the newest to enter the workforce - and the **significant differences** between Generation Z and the Millennials.

Course is online so you may participate from the comfort of your own home or desk. Participants will receive an email link prior to class for access. Course will run 11 a.m. to 1 p.m. on Thursday, March 28. Register by March 22. Course is \$69.
